

Back to School September 2020

A different start...

Kindergarten through 3rd grade

What did you
do this month?

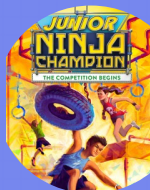

How can Brouillet
students show kindness?

Students had LOTS of
great ideas!

Wait...many students have pets...and
they're doing school at home!

We were actually able to DO "Take your
pet to school day" - and got to see so
many of our friends' pets!

4th through 6th grade

We discussed how authors try to "hook" you into reading their books - with
the ultimate goal of you *buying* their book.

What did you
do this month?

I shared 4 of the award nominees for this year, including their book trailers (when the technology worked).
Students also saw a video of Allyson Beird (5th grade teacher and competitor on "American Ninja Warrior") so
they could see the types of obstacles in the last book: "Junior Ninja Championship: The competition begins".

All students

All students saw a
tutorial video on how
to use myON, so they
knew how to find
books and use the
program.

...and you, Ms. Rose?

I've been busy with managing the 1:1 device
checkout, return, and reimaging.

I have been working on getting curriculum
ready for teachers.

I have also been updating the
Schoolology pages for over 40 courses
and helping other staff as we navigate
this "new normal"!
